

## Creative Workshops at Carnglaze

The site has been described as a jewel centred in the exquisite setting of the Loveny Valley; it is an inspirational place where with 6.5 acres of woodland & 3 gigantic caverns would well suit workshops in:

**Photography | Poetry/Prose | Arts & Crafts**

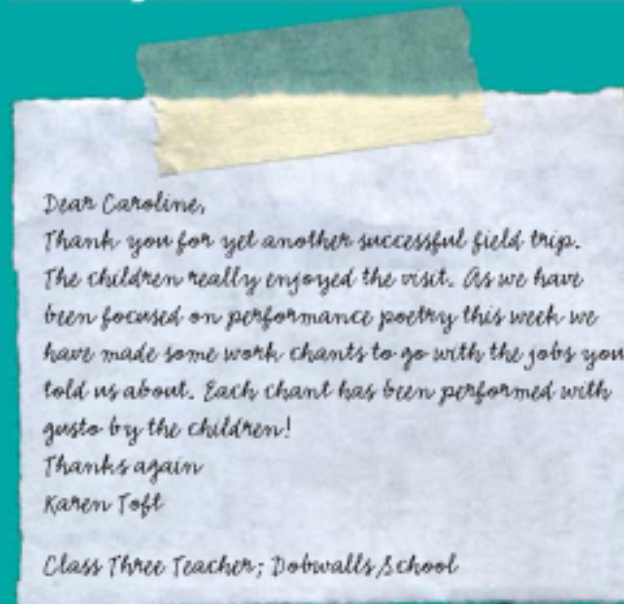

The top cavern known as The Rum Store has been transformed into an increasingly popular venue for performances from all types of music, theatre & entertainment. The stage may be used for workshops in:

**Dance | Drama | Music | Film**

## Story Telling at Carnglaze

For younger children we can take them on a bear hunt! Through the woods with the wonderful words of Michael Rosen & inspired by the glorious pictures of Helen Oxenbury in "We're going on a bear hunt". We have the story of Hubert the Hobbit and the Tale of the Trolls Treasure for those interested in the Faery Dell and faery tales. Or bring your own choice of story - we really can adapt to suit.

Many opportunities for extension work back in the classroom.

*Dear Caroline,  
Thank you for yet another successful field trip.  
The children really enjoyed the visit. As we have  
been focused on performance poetry this week we  
have made some work chants to go with the jobs you  
told us about. Each chant has been performed with  
gusto by the children!  
Thanks again  
Karen Toft*

*Class Three Teacher; Dobwalls School*

## Educational Visits Pricing:

Groups of 10 and under - Adults £6 Children £4 (Normal Entry Prices)  
Groups of over 10 - Children £4, Supervising adults FOC  
Over 20 - Children £3.50, Supervising adults FOC

## Educational Days Out

"I thought it was going to be scary in the caverns but it wasn't, it was great."  
Demelza age 7

The Dresser  
Shape the rock  
I've got a lot in stock  
Then I got an awful shock  
Someone locked me in  
And I fell over a rock  
If I get out I would scream & shout  
And then I'd eat a dozen sprouts  
By Emma W age 7

"I liked the boat on the lake and looking for fairies in the woods." Sophie age 7

## Education at Carnglaze

Any visit to Carnglaze is educational in as much as the Guided Tour of the Caverns covers elements of industry, social history and working practises, geography and geology but it is easily adapted to suit specific visits taking into account:

### Age, ability, mobility, language, the purpose of the visit

- Links with the National Curriculum Schemes of work are available on our web site.

## Carnglaze Promoting Inclusivity

Concerts and Events are held in the Rum Store (top cavern) which has excellent acoustics and is fully wheelchair accessible.

Low mobility car parking.

New adapted toilet facilities & carer/child changing area.

Special tours for the blind and partially sighted.

Sensory Tours can include any or all of the 5 senses

We have installed a flat screen plasma TV in the top cavern for any mobility impaired visitors. This will enable them to enjoy the second half of the tour which involves descending a flight of steps, to access the 2nd & 3rd caverns where there is a beautiful blue-green lake.

The gardens have picnic areas where everyone could enjoy their lunch surrounded by birdsong and the occasional scampering squirrel!

"If a class teacher is looking for a trip to combine science, geography, local history, fantasy and natural history then look no further..." KP Toft Teacher

## Sensory Day at Carnglaze

In addition to all the outdoor experiences the caverns provide the following:

**TOUCH** Opportunities to touch and handle different rocks and minerals from our vast collection, plus feeling the hand tools that were used here for mining in the 19th century.

**LOOK** The stunning visual aspect of Carnglaze is compensated for by the use of word pictures which describe what the visually impaired cannot see.

**SMELL** The damp cavern air enhances smells amongst the sensory experiences.

**LISTEN** The excellent acoustics of the Rum Store are contrasted by the echoing acoustics of the lakeside in the third cavern.

**TASTE** The fresh spring water from the lake can be tasted at the end of the tour.

The local scouts group planted a **Sensory Garden** in the terrace garden which will be accessible for wheelchair users.

"We would like to thank you for your most interesting talk & guided tour of The Rum Store and Carnglaze Caverns. We all agreed it was one of the most enjoyable trips we have had." L Puckey, Echo Disability Resource Centre

## Rocks & Soils Day at Carnglaze

(Key Stage 2)

Life story of different rocks

The Rock cycle & agents of erosion & transport

Day includes:

Tailored tour of the Caverns

Classroom investigations

Woodland walk

Samples to take away to investigate further

"Thank you for such an educational and fun day. The combination of science and geography makes an activity packed day..."

Dobwalls School
